

Evaluation Form – UML State Diagram Scoring

Evaluation criteria (short description)

Criterion and What it means

Completeness: All required states, transitions, events, guards, initial & final states are present.

Correctness: The diagram's behavior logically matches the requirement (no contradictions).

Understandability: The diagram is clear, readable, not unnecessarily complex or redundant.

Terminological alignment: State names and transition labels use the **exact same terms** as the requirement text.

Likert scale (1–5)

Score - Meaning

1 - Not fulfilled at all

2 - Fulfilled to a minimal extent

3 - Partially fulfilled

4 - Mainly fulfilled

5 - Completely fulfilled

Note: For any score **below 5**, please write a short **justification** explaining the issue(s).

* Indicates required question

1. Evaluator ID *

2. Affiliation? *

Check all that apply.

☐ Industry

☐ Academia

3. Years of Experience (if affiliation is both industry and academia, put down a number of years for both separately. And round up!)

*

4. Case number (just put down the number) *

5. Diagram number *

Mark only one oval.

☐ A

☐ B

☐ C

☐ D

☐ E

6. Completeness (All required states, transitions, events, guards, initial & final states are present.) *

Mark only one oval.

1 2 3 4 5

Not ☐ ☐ ☐ ☐ ☐ Completely fulfilled

7. Justification if score less than 5 (if score 5, write N/A)

8. Correctness (The diagram's behavior logically matches the requirement (no contradictions).) *

Mark only one oval.

	1	2	3	4	5	
Not	☐	☐	☐	☐	☐	Completely fulfilled

9. Justification if score less than 5 (if score 5, write N/A) *

10. Understandability (The diagram is clear, readable, not unnecessarily complex or redundant.) *

Mark only one oval.

	1	2	3	4	5	
Not	☐	☐	☐	☐	☐	Completely fulfilled

11. Justification if score less than 5 (if score 5, write N/A) *

12. Terminological alignment (State names and transition labels use the **exact same terms** as the requirement text.) *

Mark only one oval.

1 2 3 4 5

Not ☐ ☐ ☐ ☐ ☐ Completely fulfilled

13. Justification if score less than 5 (if score 5, write N/A) *

14. **Informed Consent** *

Purpose: This evaluation is part of a thesis studying LLM-generated UML state diagrams. Your scores and comments will be used to assess diagram quality.

Voluntary participation: You can skip any question or stop at any time without giving a reason.

Anonymity: Your name is **not** collected. The “Evaluator ID” is only for linking multiple forms (if needed) and will be stored separately from your responses.

Data use: Aggregated results may appear in the thesis and potentially in a research paper. No individual evaluator will be identifiable.

Time required: Approximately 5–10 minutes per diagram.

Contact: For any concerns, contact bsse1202@iit.du.ac.bd with evaluator ID.

Check all that apply.

☐ I have read the above and agree to participate.
